

INTERNSHIPS AND SERVICE LEARNING PROGRAMS

The Arc of Delaware County (Delarc)

Introduction: The purpose of this application is to provide The Arc of Delaware County (Delarc) added information on students interested in a meaningful learning opportunity as an Intern or in a service learning opportunity at Delarc. This application provides Delarc with some important information about your goals, career plans, special interests/skills, and personal values that are important to you. The key to a successful internship or service learning opportunity is a shared commitment to a hands-on experience that meets student learning objectives and goals via a well-structured program at Delarc that is effectively supervised by a Delarc mentor.

The programs are most rewarding for a student who has clearly defined goals and a desire to learn more about our human services field---and may put that experience to use in their lives, now or in the future. The program can lead to a potentially rewarding career path. More can be learned about Delarc at our website: www.delarc.org. If we "select each other", the experience will be mutually beneficial if we both make a sincere commitment---we promise that we will do all in our power to make your time with us rewarding, chock full of learning and doing, and lots of fun, too.
